Small private university

Community grows. Higher yield. Lower melt.

Community adoption

+65%

membership growth

2025 to 2026

Community yield

4.4x

the yield in Community

24% vs. 6% Not in Community

RISE outcomes

31%

lower observed melt

Done 9% vs. Pending 14%

Insight becomes human action.

The Strategy Board recommends actions to help counselors support students. These results compare melt for committed students with recommendations marked Done versus Pending.

✓ Done

The counselor marked the recommended action complete.

Pending

The recommendation was visible but was not marked Done or Skipped.

RISE melt comparison

4 percentage points lower

Committed students

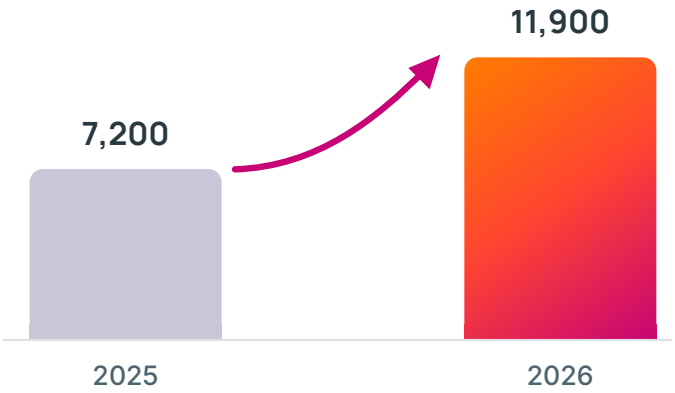

RISE melt results include students in Community and not in Community. Rates and changes are rounded; relative comparisons use unrounded rates. pp = percentage points.

Community adoption

More students. More connection.

+65%

About 4,700 more students
in Community

Community membership / Rounded counts

Community yield rose from 21% to 24%, while Community melt improved from 8% to 6%.

Community and enrollment outcomes

Higher yield. Lower melt.
